

Howell K. Thayer Chapter National Honor Society

S1 Service and Extracurricular Activity Logs

Name: _____

Advisor Teacher: _____

Sponsored Hours: These are volunteer opportunities that the advisors or officers have either presented to you as options or requested of you for help. NHS traditionally helps for peer tutoring students, ushers for events, and Special Olympics.

Non-Sponsored Hours: These constitute the volunteering you do outside of NHS without compensation. Examples would be church events, mission trips, etc. These are all of the hours you do without requests from the advisors or officers. You may not count hours from other extracurricular, club activities, classes or activities you are receiving compensation or academic credit. For example, Key Club hours do not count towards your NHS hours. Other non-examples would be cleaning up after a student council dance or interning for a teacher.

Members must complete a minimum of 10 hours of community service for Semester 1.

I verify that I have completed at least 10 hours of service to my school and community during the first semester of the academic year. I verify that I did not receive compensation or academic credit for the preparation and implementation of any service activity on this sheet. I understand that, if I do not complete my hours before the end of semester 1, then the Chapter Faculty Council may place me on probation. I also attest that I am participating in other extracurricular activities and/or athletics and they are correctly delineated on the back side of this form.
